

**Dear Families,**

This year my students will be using SpellingClassroom.com for our spelling and vocabulary word study in class and at home.

SpellingClassroom.com leverages interactive technologies providing a fun and engaging platform for learning and one that guides students through the self-learning process preparing them for the eventual test. SpellingClassroom.com teaches word list to mastery resulting in higher retention rates while laying the critical foundation to literacy and future academic success.

Each student will be assigned a User Name and Password which enables independent, 24/7 access to SpellingClassroom.com where they will find all our class lists and the associated interactive lessons. SpellingClassroom.com is “AD FREE”, COPPA compliant (Children's Online Privacy Protection Rule) and cross platform accessible via PC, MAC and App based devices (Android or Apple).

After Log-In, all the student has to do is click on the assigned weekly list and start the lessons. The system will track their progress and record their lessons, quizzes and tests automatically.

Below is your child’s account information. Please don’t discard and keep in a safe place. Let me know if you have any questions, likewise, SpellingClassroom.com has a robust FAQ section and an Online Chat option.
